St. AIM International

“I will instruct you and teach you in the way you should go; I will counsel you and watch over you.” (Psalm 32:8), “The Lord watches over you, the Lord is your shade at your right hand (Psalm 121:5)

Annual Report 2016 of Africa Inland Mission International Netherlands

E Financial matters

For the development of de finances we will look first to our workers.

Annemarie Boks: The deficit at end of 2014 has turned to a positive result in 2015. The level of support is around 120% and her reserves has increased with about € 6.000,-.

Winette Hubregtse: She leaves the service with AIM and with the last remaining funds we could pay some insurances. So although it was always a challenge to get enough support we could close this fund without a negative result.

Louis and Erna Tolkamp: The swap of donations for their personal support to support for the Joshua Project itself has not led to a big drainage of support. Some donors has ended their support but less than expected by some people.

Léonie Dieleman: This is a very stable fund with more income than enough income.

Ard and Carin de Leeuw: The income is barely enough to cover all their costs. This means that for a next term we could not pay the full allowance but had to pay also the same as we did this year. At the end of the year they decided to buy a car for the next term in South-Sudan. This is already paid in advance while raising funds for it. This is partly done by using Acthope and from the general funds the cost for that will be paid.

Jurgen and Katja Hofmann: At the end of the year they leave for Madagascar although their support was at the level of 75%. We felled that it was time to go for them and with the agreement that they only get the allowance really needed, it is possible not to drain their funds.

General fund: The deficit is much higher than was in the budget. This cause by several things such as a major gift that was only receives in January, extra costs for the visit of the treasurer to our workers and the lower rent we received. So by that the reserve of the General fund is now negative and that will force us to raise the rates for the home administration.

We also receive a large amount from the legacy of Henny Ensering for which we still had to decide what to do with it. We want to use this in the spirit of Henny.
