

How to use JustGiving

How to use JustGiving to fundraise for AIM

1. Go to justgiving.com/campaign/hungryforgoodnews (or click this link).
2. In the top right corner of the JustGiving page choose 'Log in' or 'Sign Up'. *Please note, if you have donated to a JustGiving page before you will have a log in already. You can choose 'Forgot your password?' if you need a password reminder.*
3. When you have logged into your account click 'Start Fundraising'.
4. When asked 'What are you raising money for?' choose 'A charity'.
5. Search for Africa Inland Mission to see our 'Hungry for Good News' campaign.
6. Select the campaign and let us know what you're doing to raise money.
7. Fill in the details for your JustGiving page. Say what you're doing where it asks for your event name and over what period when it asks for a date. Choose your web address - this is the link you'll be sharing with your friends, family and church when asking them to donate.
8. You'll now be asked about the settings for your page. The first question is to understand if your donations

are eligible for Gift Aid. If donations will be for a sale of goods or a ticketed event, choose 'Yes'. The second question asks if the charity is contributing to the costs of your fundraising. The answer to this is 'No'. In the third question choose what future contact you'd like with Africa Inland Mission.

9. Finally accept the terms and conditions, fundraising regulations and click 'Create your page'.

10. Job done! Your Fundraising Page is now set up and ready to accept donations. JustGiving will send the money that you raise to Africa Inland Mission. Now you can start with the fun stuff – personalising your page and sharing it friends and family.'
